What it means for us- Great opportunity to promote small schools in 14 counties in southeast Michigan. Influence decisions in athletics across Michigan speaking and being the voice for small districts.

Weight room- receive an anonymous grant for \$2500 to continue to buy equipment to enhance our physical conditioning program.

Coaching Forum- gather all coaches in one place to establish expectations for our athletic program. This will include off-season, in season and school year expectations, supporting other programs, and working in harmony with a common vision in mind. Develop younger coaches to stress development over wins. Wins matter at the Varsity level not 6-7 grades.
